

UNDERGRADUATE STUDENT SENATE  
APPROPRIATION BILL – S.18-A-001

*Concerning the new Student Government website.*

1. **Whereas** the University of Cincinnati Undergraduate Student Government is the representative body of undergraduate students, and
2. **Whereas** the website plays a key role in propagating our initiatives across the campus and allows students to stay informed in the happenings within Student Government, and
3. **Whereas** a backend database and server is essential for SG's website to increase transparency, storing important documents and ascertaining a smoother transition between the outgoing and incoming administration which our current website lacks.
4. **Therefore be it appropriated** that \$60.00 (with a 10% overrun of \$6.00) be allocated from the "Marketing" line item of the FY2018 Student Government Budget to pay for the domain name and database and server usage.
